## **Improvements since the last inspection**

At the last inspection, two areas for improvement were identified. These were to continue to develop resources which include toys that reflect positive images of our diverse society and provide access to some natural materials, and ensure all accidents to children are recorded and countersigned by parents.

The childminder has developed the range of toys and resources which reflect positive images of society, some of which include natural materials. This gives children a greater awareness of the world in which we live.

Systems are now in place for parents to countersign the accident record. This ensures that children's well-being is safeguarded and that parents are kept better informed.

## **Complaints since the last inspection**

Since the last inspection there have been no complaints made to Ofsted that required the provider or Ofsted to take any action in order to meet the National Standards.

The provider is required to have procedures for dealing with concerns and complaints from parents and to keep a record of complaints and their outcome.
