Introduction

This inspection was carried out by Ofsted under Sections 49 and 50 of the Childcare Act 2006 on the quality and standards of the registered early years provision. 'Early years provision' refers to provision regulated by Ofsted for children from birth to 31 August following their fifth birthday (the early years age group). The registered person must ensure that this provision complies with the statutory framework for children's learning, development and welfare, known as the *Early Years Foundation Stage*.

The provider must provide a copy of this report to all parents with children at the setting where reasonably practicable. The provider must provide a copy of the report to any other person who asks for one, but may charge a fee for this service (The Childcare (Inspection) Regulations 2008 regulations 9 and 10).

The setting also makes provision for children older than the early years age group which is registered on the voluntary and/or compulsory part(s) of the Childcare Register. This report does not include an evaluation of that provision, but a comment about compliance with the requirements of the Childcare Register is included in Annex B.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states if the provider continues to meet the requirements of registration.

Please see our website for more information about each childcare provider. We publish inspection reports, conditions of registration and details of complaints we receive where we or the provider take action to meet the requirements of registration.

Description of the childminding

The childminder has been registered since 2008. She lives with her husband and two children aged nine and 11 years. They live in a two bedroom ground floor flat in Tulse Hill, in the London borough of Lambeth.

Children are cared for mainly in the lounge and playroom. The garden is not used, but the childminder regularly uses local parks. The childminder is registered to care for three children on the Early Years Register. She is also registered on the compulsory part of the Childcare Register.

The childminder is a member of the National Childminding Association.

The overall effectiveness of the early years provision

The childminder meets the requirements of the Early Years Foundation Stage (EYFS). She has a sound awareness of the requirements of the EYFS. She demonstrates an understanding of the need to plan, and provide a broad and varied curriculum that identifies and meets the learning and development needs of individual children. The childminder has an understanding of her responsibilities to safeguard children and to promote their welfare. Procedures for the sharing of information with parents and other settings that the children may attend are in place. Systems for self-evaluation to ensure ongoing improvement are in their infancy, and the childminder recognises this as an area for development.

Compliance with registration requirements

The registered person continues to meet the requirements of registration.
