## ABOUT THE INSPECTION

The purpose of this inspection is to assure government, parents and the public of the quality and standard of day care. When making judgements, inspectors have regard to how well the provider meets the National Standards for under Eights Day Care and Childminding. A list of these is attached. The report identifies strengths and areas for improvement.

This inspection report must be made available to all parents.

### Information about the setting

South Ealing Pre-School opened in 1993. It operates from a large hall in the residential area of South Ealing.

A maximum of 24 children may attend the pre-school at any one time. The pre-school is open Monday to Friday, in school term time only, from 09:45 to 12:00. All children share access to a secure enclosed outdoor play area.

There are currently 11 children aged 2 to under 5 years on roll. Of these children none receive funding for nursery education. Children come from the local and wider community. There are currently no children with special educational needs attending the nursery, or children on roll who have English as an additional language.

The pre-school employs 5 staff. 4 of the staff, including the manager hold appropriate early years qualifications.

### How good is the Day Care?

South Ealing Pre-School provides good quality care for children.

Suitably, qualified and experienced staff work well as a team to provide a variety of planned activities, that are age and developmentally appropriate for the children attending the pre-school. They spend much of their time actively involved with the children, encouraging them to make their own choices about play. All the equipment is easily accessible to children. The children's care, learning and play are well supported by the staff.

The quality of play opportunities is very good to ensure that children's play experience are both interesting and developmentally stimulating. The pre-school is well equipped with a wide range of resources, many of which reflect diversity within society.

The management has identified an area which they would like to develop. Children's opportunity to express their imagination and creativity with more musical activities.

The staff give high priority to ensuring children are safe. Children are supervised at all times and staff ensure they are safe both inside and outside. Staff are active in promoting good hygiene practice. Children are provided with healthy snacks.

Risk assessments are in place and these are adhered to. All required documentation is in place. Staff and children have a good relationship. The adults communicate well with the children and act as good role models, treating them as individuals and with respect. This results in the children displaying good behaviour and relating well to the other children. There is a good emphasis on the inclusion of all children which works well in practice to ensure the specific needs of children are met.

Partnership with parents is valued. Parents are warmly welcomed, have good information about the setting, activities and outings. Good communication between staff and parents ensures that children's needs are met and they have a positive experience at the pre-school.

#### **What has improved since the last inspection?**

Not Applicable.

#### **What is being done well?**

- The environment is very warm, welcoming and child focused, staff greet the children with warmth and affection. The pre-school is well organised to offer a variety of learning experiences for the children.
- Staff have excellent relationships with children. They adopt an active role in promoting children's learning. The activities provided enhance and support the children's all round development and extend their language and thinking. The children are interested in their activities, happy and contented to be in the pre-school. The staff interact well with the children. They are very attentive to their needs, ensuring the children have plenty of attention, praise and encouragement to their everyday activities.
- Staff demonstrated knowledge and understanding of the behaviour management policies and procedures. They use different methods to resolve children's conflicts according to their age and understanding. This ensures the establishment of clear boundaries for the children's behaviour and consistency.
- Staff promote good hygiene standards in routines and encourage children to develop these. There are good systems in place to ensure children's welfare and staff will act in children's best interest when ill.
- A comprehensive range of health and safety policies that meet legal requirements are in place and fully understood and implemented by staff. Parents have access to relevant information about the setting.
