ABOUT THE INSPECTION

The purpose of this inspection is to assure government, parents and the public of the quality and standard of day care. When making judgements, inspectors have regard to how well the provider meets the National Standards for under Eights Day Care and Childminding. A list of these is attached. The report identifies strengths and areas for improvement.

This inspection report must be made available to all parents.

Information about the setting

Smartys Day Nursery opened in 1999 and operates from four interlinking rooms in a ground floor building near to Stone town centre. A maximum of 20 children may attend the nursery at any one time. The nursery is open each weekday from 08.00 to 18.00 all year round. All children share access to a secure enclosed outdoor play area.

There are currently 29 children aged from 0 to under 2 years on roll. Children come from a wide catchment area, as most of their parents travel in to work in the surrounding area.

The nursery employs ten staff. Five of the staff, including the manager hold appropriate early years qualifications. Three staff are working towards a qualification.

How good is the Day Care?

Smartys Day Nursery provides a good standard of care for children. The nursery offers a warm, welcoming environment and makes good use of space available to meet the needs of children. There is a written operational plan, containing all relevant records and policies, and mostly accurate procedures. There is a wide range of good quality toys, furniture and equipment available, easily accessed by children.

All hazards have been identified and minimised, creating a safe environment where children feel safe and secure. Good hygiene practices are in place and children's dietary needs are met well, according to the wishes of parents. There is a wide range of very imaginative resources, which also reflects positive images. Routines and boundaries are clear and understood by children, with praise and encouragement being used to reward positive behaviour.

Activities are very well planned and presented thoughtfully, covering all areas of learning. There is a commitment to training and developing the nursery, with new initiatives being implemented, such as birth to three matters. The interaction between adults and children is very good, with adults listening to what children say and do. All the children are included and valued, their individual needs are met well.

The staff work closely with parents to ensure children's individual needs are met well

according to parents wishes. There are effective procedures in place for sharing records with parents and keeping them well informed. Parents are encouraged to get involved in all aspects of the nursery.

What has improved since the last inspection?
