

Wizz Kids Pre-School

Inspection report for early years provision

Unique reference number	300784
Inspection date	07/09/2010
Inspector	Tara Street
Setting address	Sunnyvale Road, Sheffield, South Yorkshire, S17 4FB
Telephone number	0114 2364319
Email	staff@totleywizzkids.co.uk
Type of setting	Childcare on non-domestic premises

The Office for Standards in Education, Children's Services and Skills (Ofsted) regulates and inspects to achieve excellence in the care of children and young people, and in education and skills for learners of all ages. It regulates and inspects childcare and children's social care, and inspects the Children and Family Court Advisory Support Service (Cafcass), schools, colleges, initial teacher training, work-based learning and skills training, adult and community learning, and education and training in prisons and other secure establishments. It assesses council children's services, and inspects services for looked after children, safeguarding and child protection.

Introduction

This inspection was carried out by Ofsted under Sections 49 and 50 of the Childcare Act 2006 on the quality and standards of the registered early years provision. 'Early years provision' refers to provision regulated by Ofsted for children from birth to 31 August following their fifth birthday (the early years age group). The registered person must ensure that this provision complies with the statutory framework for children's learning, development and welfare, known as the *Early Years Foundation Stage*.

The provider must provide a copy of this report to all parents with children at the setting where reasonably practicable. The provider must provide a copy of the report to any other person who asks for one, but may charge a fee for this service (The Childcare (Inspection) Regulations 2008 regulations 9 and 10).

The setting also makes provision for children older than the early years age group which is registered on the voluntary and/or compulsory part(s) of the Childcare Register. This report does not include an evaluation of that provision, but a comment about compliance with the requirements of the Childcare Register is included in Annex B.

Please see our website for more information about each childcare provider. We publish inspection reports, conditions of registration and details of complaints we receive where we or the provider take action to meet the requirements of registration.

Description of the setting

Wizz Kids Pre-School is a committee run group with charitable status. It opened in 2001 and operates from a single storey building in the grounds of Totley Primary School, in the Totley area of Sheffield. There are no issues which may hinder access to the premises. Children have access to a secure enclosed outdoor play area. A maximum of 30 children aged under eight years may attend the setting at any one time. The setting currently takes children from two years of age and also offers care to children aged eight years to 11 years. The pre-school is open Monday to Friday from 7.30am to 6pm all year round with the exception of two weeks at Christmas. In addition, the setting offers holiday care, breakfast and an after school club to children attending Totley Primary School and Totley All Saints School.

There are currently 145 children on roll. Of these 104 are under eight years and of these 60 are within the Early Years Foundation Stage. Of these, 44 are in receipt of funding for early education. The setting supports children with special educational needs and/or disabilities and also supports children who speak English as an additional language. The setting is registered by Ofsted on the Early Years Register and the compulsory and voluntary parts of the Childcare Register.

There are nine members of staff, including the manager, who work directly with the children. Of these, five hold appropriate qualifications at level 3 in early years, one has an early years degree, and one holds a qualification at level 2. The setting is a member of the Pre-School Learning Alliance and receives support from the local authority.

The overall effectiveness of the early years provision

Overall the quality of the provision is good.

Children thoroughly enjoy their time in this welcoming and inclusive setting. They make very good progress towards the early learning goals through a varied and interesting range of activities. Policies and procedures are thorough and relevant and are implemented effectively to safeguard and promote children's welfare. The setting demonstrates a strong capacity to improve, having implemented a number of positive changes. The management team are constantly evaluating and identifying further areas for improvement.

What steps need to be taken to improve provision further?

To further improve the early years provision the registered person should:

- develop the use of the outdoor area to further support all areas of learning
- provide more regular opportunities for children to independently access and develop their skills in using information and communication technology
- ensure that sufficient information is obtained regarding the administration of

medicines.

The effectiveness of leadership and management of the early years provision

The manager and staff work together as a motivated and cohesive team as they share a commitment to offering the best possible experiences to children and their families. Children are cared for by staff who have completed a wide range of training to ensure they have strong knowledge and understanding of their roles and responsibilities. Clear vetting procedures are in place to ensure that children are cared for by suitable people and all staff have an up-to-date understanding of safeguarding children issues. Required policies and procedures are in place and records are carefully maintained. However, medication records do not include the health reasons for administering medicines. Thorough risk assessments of the areas accessed by the children are conducted and the setting is stringent in the organisation of routines to ensure children's safety is prioritised.

The management team and staff strive to improve their practice and work hard to monitor and evaluate the quality and standards at the setting. As a result the recommendations made at the last inspection have been fully addressed. Regular staff meetings provide valuable opportunities for staff to share good practice and to identify their training needs. A positive equality and diversity policy outlines a commitment to promoting inclusive practice at the setting, ensuring all children can achieve as well as they can regardless of their background. Staff's organisation of the environment and resources effectively supports children to become independent learners and develop confidence.

Children benefit from the warm and relaxed relationships that have been established between their parents and the settings staff. Parents are very well informed regarding their children's care and are routinely involved in their child's continuous learning and development. The daily exchange of information ensures that children's changing needs are consistently met. Managers and staff have successfully established links with other early years professionals and external agencies to support the inclusion of children with special educational needs and/or disabilities. In addition staff have worked hard to build close links with the other early years settings that children attend to ensure optimum continuity of care and learning.

The quality and standards of the early years provision and outcomes for children

Children are happy and settled within the warm and welcoming environment where they have many opportunities to make good progress in their all-round development. Staff engage very well with the children and develop positive relationships. They praise children's achievements which motivates children to learn and develop positive self-esteem. An effective key person system enables parents to feel confident and children to feel safe within the setting. Staff throughout the setting use questioning techniques effectively to extend older

children's learning and thinking skills.

Staff use their very good knowledge of the Early Years Foundation Stage to plan a range of enjoyable activities. Planning documents cover the six areas of learning well. Ongoing observations and assessments are undertaken by the staff and provide a clear insight into the children's progress and achievements. There is a very good balance of adult-led and child-initiated activities. Children are relaxed, confident, behave well, are eager to participate in activities and remain actively engaged. They enjoy stories and listen avidly when books are read by staff, joining in with discussions about the characters and animals. They are well supported to mark-make and develop early writing skills. For example, children eagerly label their own work. Children frequently count during games and activities and have good opportunities to recognise numbers and learn simple calculation through songs and rhymes. A well-resourced role play area encourages children to use their imagination and to play cooperatively as they act out scenarios, such as bathing and feeding babies. Children have access to natural materials and develop good fine motor skills as they play with soil, water and a variety of media. Their awareness of the wider world is extended in a number of ways. For example, through daily resources and involvement in a range of activities which look at different cultures from around the world. Children's information and communication technology skills are generally promoted as they experience a suitable range of opportunities to access a computer, CD player and a range of battery and programmable toys. However, some opportunities for children to explore technology are limited due to these resources not being freely accessible. Staff are aware of this and are working to develop this aspect of the provision.

Children are learning about the importance of healthy foods because they have snacks and meals provided which they serve themselves, and these offer a very good variety of healthy and nutritious options. A clear sick child policy and the good hygiene routines followed by the children are effective in helping to prevent cross-infection. Children learn the importance of exercise and enjoy participating in group games and throwing and catching activities. However, the use of the outdoor space is not yet fully developed to support all areas of children's learning because it is currently still under construction. Children feel safe and secure, because staff work hard to ensure a safe environment and teach them how to use equipment safely.

Annex A: record of inspection judgements

The key inspection judgements and what they mean

Grade 1 is Outstanding: this aspect of the provision is of exceptionally high quality
Grade 2 is Good: this aspect of the provision is strong
Grade 3 is Satisfactory: this aspect of the provision is sound
Grade 4 is Inadequate: this aspect of the provision is not good enough

The overall effectiveness of the early years provision

How well does the setting meet the needs of the children in the Early Years Foundation Stage?	2
The capacity of the provision to maintain continuous improvement	2

The effectiveness of leadership and management of the early years provision

The effectiveness of leadership and management of the Early Years Foundation Stage	2
The effectiveness of leadership and management in embedding ambition and driving improvement	2
The effectiveness with which the setting deploys resources	2
The effectiveness with which the setting promotes equality and diversity	2
The effectiveness of safeguarding	2
The effectiveness of the setting's self-evaluation, including the steps taken to promote improvement	2
The effectiveness of partnerships	2
The effectiveness of the setting's engagement with parents and carers	2

The quality of the provision in the Early Years Foundation Stage
