Introduction

This inspection was carried out by Ofsted under Sections 49 and 50 of the Childcare Act 2006 on the quality and standards of the registered early years provision. 'Early years provision' refers to provision regulated by Ofsted for children from birth to 31 August following their fifth birthday (the early years age group). The registered person must ensure that this provision complies with the statutory framework for children's learning, development and welfare, known as the *Early Years Foundation Stage*.

The provider must provide a copy of this report to all parents with children at the setting where reasonably practicable. The provider must provide a copy of the report to any other person who asks for one, but may charge a fee for this service (The Childcare (Inspection) Regulations 2008 regulations 9 and 10).

The setting also makes provision for children older than the early years age group which is registered on the voluntary and/or compulsory part(s) of the Childcare Register. This report does not include an evaluation of that provision, but a comment about compliance with the requirements of the Childcare Register is included in Annex B.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states if the provider continues to meet the requirements of registration.

Please see our website for more information about each childcare provider. We publish inspection reports, conditions of registration and details of complaints we receive where we or the provider take action to meet the requirements of registration.

Description of the childminding

The childminder has been registered since 1992. She lives with two children aged 21 and 13 years in Queenstown in the London Borough of Wandsworth. The whole of the ground floor of the house is used for childminding which is accessible from outside without stairs. There is a fully enclosed garden for outside play. The childminder is registered on the Early Years Register and the compulsory and voluntary parts of the Childcare Register to care for a maximum of six children at any one time. There are no children under eight years on roll at the time of the inspection.

The childminder walks or drives to local schools to take and collect children. The childminder has completed a National Vocational Qualification at level 3 in Childcare and Education.

The overall effectiveness of the early years provision

At the time of inspection there were no children on roll in the early years age group. The setting is a stimulating and welcoming environment in which children can play with an effective range of toys and equipment including a good range of resources for children to learn about equality and diversity. The childminder's portfolio contains all the required documents for childminding including appropriate safeguarding and complaints procedures. The childminder has a good awareness of the importance of promoting partnerships to ensure children's education and care is effectively delivered. The childminder communicates ambition and drive to continuously secure improvements.

Compliance with registration requirements

The registered person continues to meet the requirements of registration.
