- The manager demonstrates she has a good knowledge of safeguarding children. She fully understands her role in ensuring all staff have access to training to ensure their knowledge of childcare practice and safeguarding remains in focus.

Information about this inspection

Inspections of registered early years provision are:

- scheduled at least once in every inspection cycle – the current cycle ends on 31 July 2016
- scheduled more frequently where Ofsted identifies a need to do so, for example where provision was previously judged inadequate
- brought forward in the inspection cycle where Ofsted has received information that suggests the provision may not be meeting the legal requirements of the Early Years Foundation Stage or where assessment of the provision identifies a need for early inspection
- prioritised where we have received information that the provision is not meeting the requirements of the Early Years Foundation Stage and which suggests children may not be safe
- scheduled at the completion of an investigation into failure to comply with the requirements of the Early Years Foundation Stage.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

The provision is also registered on the compulsory part of the Childcare Register. This report includes a judgment about compliance with the requirements of that register.

Inspection activities

- The inspector discussed with the manager how she and the staff deliver the educational programme for the children.
- The inspector looked at areas in the setting that are used by the children.
- The inspector looked at policies and procedures that are used when caring for children this included the safeguarding procedure
- The inspector discussed with the manager systems for self evaluation.
