Dear Mr Malcolm Payton

### **Outcome of monitoring visit for provision judged as inadequate**

An Ofsted inspector, Dawn Woodhouse-wykes, carried out a monitoring visit of your provision on 29/05/2013. This visit follows on from your inspection where the provision was judged to be inadequate.

### **Outcome of the visit**

As a result of our inspection on 10/04/2013, we sent you a welfare requirements notice.

The welfare requirement notice required you to ensure the ratio requirements set out in the Statutory Framework for the Early Years Foundation Stage are met at all times and that staff are available to work directly with children.

In addition to the welfare requirements notice you were also issued with a notice to improve which was sent to you separately. This required you to ensure that the premises are safe and secure to prevent unauthorised people gaining access to the nursery.

Having considered all the evidence, the inspector is of the opinion that at this time the setting is making satisfactory improvement overall.

Having considered all the evidence, the inspector is of the opinion that at this time the setting is making satisfactory improvement overall.

### **Overall effectiveness of the improvement and outcomes for children**

An unannounced visit was carried out on 29/05/2013. Since the inspection visit the provider has made satisfactory progress in meeting the welfare requirements. Staffing ratios were maintained throughout the visit and staff were deployed effectively ensuring children were supervised and engaged appropriately.

There was also a notice to improve which had an action for the provider to address from the inspection on 10/04/2013. This action was satisfactorily addressed by the provider. The premises are now secure and prevent unauthorised access.

The provider has made satisfactory improvement and the next visit will be a full inspection.

### **Next steps**

Having considered all the evidence the inspector is of the opinion that at this time:

- The setting has made satisfactory improvement. The next visit will be a full inspection.

I hope that you have found the visit helpful in promoting improvement in your setting. If you have any further queries please contact us on the number at the top of this letter.

Yours sincerely

Susan Gregory HMI
