The quality and standards of the early years provision

The provision meets requirements

- All staff understand their roles and responsibilities in regard to safeguarding children. This is further supported by written policies and procedures, which include details of what to do should they have any concerns regarding a child in their care. As a result, children are fully safeguarded.
- The provider is aware of the need to work in partnership with parents and other professionals, such as teachers within the school. This helps to ensure children receive relevant support and continuity in their learning and development.
- The provider and staff have a sound knowledge and understanding of the Early Years Foundation Stage. A clear strategy is in place to identify strengths and areas for improvement as they consistently develop their practice further.
- Risk assessments are well-embedded into practice. As a result, premises are safe and secure and clear safety precautions in place to ensure that children are consistently protected from hazards.
- Children are provided with an interesting and motivating learning environment both inside and outside. For example, resources are accessible to help support children in making decisions in their play.

Information about this inspection

Inspections of registered early years provision are:

- scheduled at least once in every inspection cycle – the current cycle ends on 31 July 2016
- scheduled more frequently where Ofsted identifies a need to do so, for example where provision was previously judged inadequate
- brought forward in the inspection cycle where Ofsted has received information that suggests the provision may not be meeting the legal requirements of the Early Years Foundation Stage or where assessment of the provision identifies a need for early inspection
- prioritised where we have received information that the provision is not meeting the requirements of the Early Years Foundation Stage and which suggests children may not be safe
- scheduled at the completion of an investigation into failure to comply with the requirements of the Early Years Foundation Stage.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

The provision is also registered on the voluntary and compulsory parts of the Childcare Register. This report includes a judgment about compliance with the requirements of that register.
