- The manager implements a range of policies and procedures to ensure the safe management of the setting.
- The manager demonstrates a secure knowledge of the learning and developments requirements of the Early Years Foundation Stage and how to plan to meet individual children's needs.
- The manager has a good range of suitable resources to cater for the individual needs of the children who attend.
- The manager demonstrates through discussion how she promotes children's well-being through the procedures she has in place.
- The manager explained how regular evaluation of the quality of provision helps to identify how their continuous drive for improvement is maintained.

Information about this inspection

Inspections of registered early years provision are:

- scheduled at least once in every inspection cycle – the current cycle ends on 31 July 2016
- scheduled more frequently where Ofsted identifies a need to do so, for example where provision was previously judged inadequate
- brought forward in the inspection cycle where Ofsted has received information that suggests the provision may not be meeting the legal requirements of the Early Years Foundation Stage or where assessment of the provision identifies a need for early inspection
- prioritised where we have received information that the provision is not meeting the requirements of the Early Years Foundation Stage and which suggests children may not be safe
- scheduled at the completion of an investigation into failure to comply with the requirements of the Early Years Foundation Stage.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

The provision is also registered on the voluntary and compulsory parts of the Childcare Register. This report includes a judgment about compliance with the requirements of that register.

Inspection activities

- The inspector held discussions with the manager and the operations director, and reviewed documentation relating to safeguarding and children's safety.
- The inspector viewed a sample of the setting's documentation and discussed the delivery of the educational programmes for children.
- The inspector viewed the setting's self-evaluation and discussed how this led to the improvement plan for future development.
- The inspector toured the premises and discussed with the manager how the resources would be organised to support children's learning.

Type of provision

For the purposes of this inspection the following definitions apply:

Full-time provision is that which operates for more than three hours. These are usually known as nurseries, nursery schools and pre-schools and must deliver the Early Years Foundation Stage. They are registered on the Early Years Register and pay the higher fee for registration.

Sessional provision operates for more than two hours but does not exceed three hours in any one day. These are usually known as pre-schools, kindergartens or nursery schools

and must deliver the Early Years Foundation Stage. They are registered on the Early Years Register and pay the lower fee for registration.

Childminders care for one or more children where individual children attend for a period of more than two hours in any one day. They operate from domestic premises, which are usually the childminder's own home. They are registered on the Early Years Register and must deliver the Early Years Foundation Stage.
