Dear Sunshine Pre-School Partnership

Monitoring for provision judged as inadequate

An Ofsted inspector, Ann Austen, monitored your provision on 02/10/2014 following your inspection where the provision was judged to be inadequate.

Outcome of monitoring

As a result of our inspection on 16/07/2014, we sent you a notice to improve. If you were set actions at the inspection, or as a result of our subsequent monitoring or investigations, these are included at the end of this letter.

During the monitoring visit, the inspector discussed with you the steps you have taken to address the action raised in the notice to improve. The inspector spoke to you about how you ensure that people whose suitability has not been checked do not have unsupervised contact with the children being cared for. The inspector found that you took immediate action to address the issue raised at your last inspection. Additionally, procedures are in place to evaluate the quality of the practice and the impact this has on the outcomes for children.

The inspector found that steps to safeguard children have improved. You discussed that you no longer allow people whose suitability has not been checked to have unsupervised access to children. In addition, you provided documentation to confirm that vetting processes have been completed for all members of staff working at your provision. You have maintained a record of staff's criminal record disclosure reference numbers, the date the disclosures were obtained and details of who obtained the checks. As a result, children's safety and well-being is maintained because they are cared for by suitable adults.

The inspector observed children being cared for on the day of the monitoring visit to be happy and appropriately engaged in their play. Children freely select from the

range of activities and resources provided and staff were observed interacting and supporting their learning.

Having considered all the evidence, the inspector is of the opinion that the setting has taken prompt and effective action to address the points for improvement.

Next steps

The next step will be a full inspection.

I hope that you have found the visit helpful in promoting improvement in your setting. If you have any further queries please contact us on the number at the top of this letter.

Yours sincerely

Nick Hudson
National Director, Early Education
