Dear Playworld (New Forest) CIC

Monitoring for provision judged as inadequate

An Ofsted inspector, Linda du Preez, monitored your provision on 12/01/2015 following your inspection where the provision was judged to be inadequate.

Outcome of monitoring

As a result of our inspection on 20/10/2014, we sent you a welfare requirements notice. If you were set actions at the inspection, or as a result of our subsequent monitoring or investigations, these are included at the end of this letter.

At the first monitoring visit on 19 November 2014, the regulatory inspector found that you had improved some aspects of the routine. However, you and the regulatory inspector agreed that you needed to observe the routines more closely to further drive improvement. At the second monitoring visits on 12 January 2014, the regulatory inspector found that the arrangements for the supervision of children were much improved. Staff now sit with children as they arrive and engage with them as they settle into the club. Children are familiar with the arrival and departure routines and the newly fitted security systems on the outer gate mean that they are kept safe.

At the second monitoring visit, the inspector found that you provide clear induction training for newly appointed staff. You have arranged appraisals and staff supervision meetings so that staff are clear about their roles and responsibilities. You have involved staff in driving improvements through meetings and discussions. The regulatory inspector found that you and your staff team were enthusiastic and motivated about your roles.

Having considered all the evidence, the inspector is of the opinion that the setting has taken prompt and effective action to address the points for improvement.

Next steps

The next step will be a full inspection.

I hope that you have found the visit helpful in promoting improvement in your setting. If you have any further queries please contact us on the number at the top of this letter.

Yours sincerely

Nick Hudson
National Director, Early Education
