Summary of key findings for parents

The provision meets requirements

- The provider understands the importance of making sure staff have a secure knowledge of the Early Years Foundation Stage requirements and know the correct procedures to follow to help safeguard children's welfare.
- The provider understands the need to ensure staff maintain safe and secure premises and know how to maintain children's good health.
- Staff know how to provide a suitable range of resources and enjoyable activities to keep children well occupied. Staff know how to keep these stored so children have a choice of what to do.
- Staff understand how to manage children's behaviour in a positive way.
- Management and staff have a good understanding of how to work in partnership with parents and school staff to meet children's individual needs.
- The provider understands the need to evaluate the provision to drive continuous improvements in the quality of children's care.
- The provider understands the importance of providing ongoing training opportunities for staff to enhance their knowledge and understanding of the Early Years Foundation Stage.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed the provider's knowledge of the Early Years Foundation Stage requirements and talked with staff.
- The inspector looked at a range of documentation, and discussed policies and procedures.
- The inspector looked at the space and resources available for childcare purposes.
