## Summary of key findings for parents

### The provision meets requirements

- The manager understands the importance of meeting children's individual needs and plans for children to have a one-to-one worker with each of them at all times.
- The manager recognises the need for children to have a wide range of enjoyable resources and activities to interest them and meet their different requirements.
- The manager knows the importance of meeting children's specific physical requirements so staff are trained to administer any medical procedures and care.
- The manager knows how to plan and provide an environment that meets children's needs.
- The registered provider checks that only suitable people are appointed to work with children and that the manager knows how to do this. The manager knows how to make sure that all children are safe and protected from harm.
- The manager recognises the need to continually improve the effectiveness of the playscheme through evaluating how well it worked after each time it runs.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## **Inspection activities**

- The inspector observed the spaces and resources available for children's use.
- The inspector looked at policies and documents the provider uses when caring for children and discussed these with the manager.
- The inspector discussed the provider's self-evaluation methods and improvement plan with the manager.
- The inspector checked how provider plans to meet the safeguarding and welfare requirements when looking after children through discussion with the manager.
