## Summary of key findings for parents

### The provision meets requirements

- Staff understand how to safeguard children. They complete risk assessments of the environment to identify and address potential hazards. This ensures children are safe when in the setting. In addition, staff know the child protection procedures to follow if they have concerns about a child's welfare.
- Staff are aware of how to plan activities that include children's interests and support their continued development.
- Through discussion, the manager demonstrates how the staff team would work closely with parents to ensure children's personal needs, such as dietary requirements, are met.
- Staff understand the importance of providing children with a healthy diet and daily outdoor exercise, in order to promote their well-being.
- The manager and staff reflect on their practice regularly. They plan to include children's views when evaluating activities. This means they can identify any improvements, and discuss what training is required to update their knowledge and skills.
- Staff have taken action to successfully address the recommendations set at the last inspection. As a result, the manager maintains a Disclosure and Barring Service check for all staff.
- The manager discussed the systems she would put in place to share information with the local school to ensure continuity in children's learning.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## **Inspection activities**

- The inspector held discussions with the manager and staff to check their knowledge and understanding of the Early Years Foundation Stage.
- The inspector viewed a selection of documentation, including evidence of suitability and qualifications.
- The inspector had a tour of the premises and checked all areas used by children.
