## Summary of key findings for parents

### The provision meets requirements

- The provider ensures staff plan activities to meet the children's individual needs and enable them to make progress.
- The staff work with teachers to provide continuity of care for the children. They share information so staff can progress children's learning and development further.
- The provider understands the requirement to promote positive behaviour in children, and works with parents and other agencies to support children with challenging behaviour.
- The provider has clear and concise safeguarding policies and procedures, which staff follow to safeguard children.
- The provider monitors the provision effectively and assesses areas for development. Staff attend training to develop their knowledge, which benefits the children.
- Staff promote children's health and well-being by offering balanced meals and regular exercise. This also promotes their physical development.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## **Inspection activities**

- The inspector held discussions with the manager and the provider.
