## Summary of key findings for parents

### The provision meets requirements

- The provider understands how to support staff in the use of ongoing observations and assessment to promote children's learning. There are suitable arrangements to monitor children's progress and plan for their individual learning needs.
- Behaviour management procedures are clear and appropriate. Staff are guided on how to reinforce positive behaviour and teach children the skills to resolve conflicts and play cooperatively.
- The provider has a thorough understanding of her responsibility to ensure that children receive good quality teaching and care. There are established arrangements to monitor staff performance to ensure consistency and to provide additional support where necessary.
- There are robust procedures to check the suitability of staff. The provider ensures that staff are aware of how to safeguard children. They receive regular training in child protection and are clear of their responsibilities to share any concerns about children's welfare.
- The provider recognises the importance of self-evaluation to identify areas for improvement to ensure that practices continually evolve to meet the needs of children and their families.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## **Inspection activities**

- The inspector spoke with the provider and manager.
- The inspector viewed all areas of the provision.
- The inspector checked a selection of policies, certificates and other relevant documents.
