Compliance action taken for childcare provision

EY332198/C252258

Date: 13/08/2015

Summary of outcome

On 23 June 2015 the provider notified us that a child had left the setting unsupervised. The notification means that the provider met their legal responsibility as set out in the Early Years Foundation Stage welfare requirements to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises to look after children.

The provider carried out an internal investigation which included viewing Closed Circuit Television footage and speaking to staff. They found that a number of factors had contributed to the incident and subsequently children had not been adequately supervised.

The provider took action to comply with the requirements of registration by:

- reviewing the risk assessments for children’s arrival and departure and ensuring two members of staff supervise the children at these times (Early Years Foundation Stage welfare requirements - staff: child ratios)

We reviewed the internal investigation and we are satisfied that the provider took prompt and appropriate action to ensure they continue to meet the requirements for registration. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.
We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read Ofsted’s Enforcement Policy.
