The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2
The setting meets legal requirements for early years settings			

Summary of key findings for parents

The provision meets requirements

- The provider understands how to safeguard children. The recruitment procedure is robust, regular evacuation drills take place and risk assessment contribute to keeping children safe.
- Effective partnership with parents, professionals and external agencies help secure timely intervention for children who need them. Staff share good practice, via local network groups, to support children.
- The provider demonstrates a strong knowledge and understanding the Early Years Foundation Stage framework and knows how children learn.
- Leaders constantly strive to improve the quality of care children receive. They use feedback and information from parents, children, staff and external agencies to improve practice.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector sampled documents, including safeguarding documents and children's records.
- The inspector held discussions with the provider to assess the progress made since last inspection.
- The inspector looked around the nursery to assess the suitability of the premises.
- The inspector held discussion with the provider to assess whether she is able to meet the care, learning and development needs of each child.
