Summary of key findings for parents

The provision meets requirements

- Management and staff have a good understanding of how children learn and develop. They know how to provide a variety of activities for children of different ages and levels of ability. They understand the importance of using children's interests and specific needs in their planning to promote outcomes for children.
- All staff understand the safeguarding policies and procedures. They know how to identify and report child protection concerns, and complete ongoing safety checks of the premises and outings to identify and address any potential hazards. This promotes children's welfare.
- Staff are experienced and knowledgeable about how to work with children who are learning English as an additional language.
- Staff know how to promote children's learning about the local community and wider world effectively, including individual differences in society.
- Management understand the importance of monitoring and reflecting on practice to make sure that they meet the statutory requirements and continue to improve the quality of provision.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector had a tour of the premises with the deputy.
- The inspector discussed with the deputy, safeguarding, the learning and development requirements, and working with parents and professionals.
- The inspector sampled activity plans, and discussed the key-person and assessment systems with the staff.
- The inspector looked at suitability checks and staff's qualifications.
