Summary of key findings for parents

The provision meets requirements

- Leaders have implemented a comprehensive action plan to tackle weaknesses identified at their last inspection. This has enabled them to make significant improvements and enhance the quality of care for children.
- Children are kept safe because staff have a clear understanding of their roles and responsibilities. This includes the procedures to follow if they have concerns about a child.
- The provider ensures that all practitioners are suitable to fulfil the requirements of their role. Robust systems for recruitment are in place and staff are supported to develop their professional practice.
- Staff plan a broad-range of activities to engage children and support their learning. Children enjoy accessing the well-resourced environment and the experiences on offer, both inside and outdoors.
- Children's behaviour is managed well and they are keen learners. For example, they enthusiastically engage in a reward system and help create behaviour rules for the setting.
- Staff establish good working relationships with parents and share information about children's daily routines with them.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- This inspection was carried out as a 'no children on roll' inspection because children in the early years age range were not in attendance on the day of the inspection. Children in the later years age range were present.
- The inspector discussed with the provider and manager their knowledge of the Early Years Foundation Stage requirements.
- The inspector viewed all areas of the provision used for childcare, including the resources and activities on offer.
- The inspector looked at a range of documentation including staff records and safeguarding policies.
- The inspector spoke to members of staff, parents and children at appropriate times during the inspection.

It offers out of school and holiday care, and operates from rooms within the Family Centre. There are two enclosed areas available for children's outdoor play. The club serves the local area and beyond, and is accessible to all children. They open from 7.45am to 9am and from 3pm to 6pm each weekday during term times and from 7.30am to 6.00pm every weekday during school holidays. Children attend for a variety of sessions. There are 48 children on roll, six of whom are in the early years age range. The club supports a number of children who speak English as an additional language and children with special educational needs and/or disabilities. The club employs four practitioners, including the manager. Of these, two hold appropriate early years qualification at Level 3 and one holds a qualification at level 2. The club receives support from the local authority.
