Summary of key findings for parents

The provision meets requirements

- The manager understands the value of developing partnerships with parents to ensure that he has detailed information about children's individual needs. He has appropriate strategies in place to build partnerships with school in order to promote continuity in children's care and learning.
- The manager has effective safeguarding systems in place. He, and his staff, have strong knowledge and understanding of child protection issues, and who to contact in the event of a concern about children's safety and welfare. The manager ensures that staff are suitable to work with children. Safeguarding is effective.
- The manager understands the importance of training and self-evaluation in improving provision for all children. For example, he takes into account parents' and children's views, when considering any changes.
- The manager has a clear knowledge and understanding of the Early Years Foundation Stage requirements and ensures that staff provide a stimulating and welcoming environment for all children to meet their individual needs.
- The manager and staff know how to promote children's health and well-being. For example, they provide healthy snacks, and regular outdoor play so that children have daily fresh air and exercise.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
