Inspection date	30 November 2015
Previous inspection date	22 September 2010

The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2

Summary of key findings for parents

The provision meets requirements

- The childminder understands how to keep children safe. She knows the process to follow should she have concerns about a child's welfare, and the importance to maintain a safe and suitable environment for children.
- The childminder knows how to monitor children's development and to identify any gaps in their learning so that she can support children to catch up.
- The childminder values professionals development; she attends many relevant courses to improve her knowledge and practice. She reflects on her practice to make positive changes to the service she provides.
- The childminder values working together with parents and other professionals to provide continuity of learning and care for children.
- The childminder believes in helping children to be considerate to others and to behave well.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector viewed the suitability of the premises, both indoors and outside.
- The inspector spoke to the childminder about her understanding of the Early Years Foundation Stage requirements.
