Summary of key findings for parents

The provision meets requirements

- The leadership team members have suitably addressed the actions from the last inspection to ensure they are meeting requirements.
- The provider understands the importance of induction and training, ensuring staff's first-aid knowledge is up to date, and that they are alert to their roles and responsibilities to safeguard children.
- The provider understands the need to offer children a variety of play activities, to support their interests and needs.
- The provider has a range of information available for parents to help them understand how their children's health and well-being is supported.
- The environment is safe and secure. The provider knows how to encourage children to follow suitable rules and promote positive behaviour.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
