	Previous inspection:	Outstanding	1

Summary of key findings for parents

The provision meets requirements

- The childminder understands how to plan and provide activities that support children in developing their skills and that match their individual learning needs. She has systems in place to monitor children's progress and assess their needs.
- The childminder understands how to work in partnership with parents and others, seeking feedback to identify how she can continually improve the quality of her provision.
- The childminder understands how to safeguard children's welfare and support their well-being. She has a range of detailed policies and procedures to underpin her practice.
- The childminder understands how to manage children's behaviour and promote their understanding of positive attitudes towards one another.
- The childminder evaluates her practice and has a positive attitude towards improvement. She keeps herself up-to-date with new initiatives and attends training to continually strengthen her own knowledge and skills.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
