	Previous inspection:	Not applicable

Summary of key findings for parents

The provision meets requirements

- The childminder understands how to plan a variety of activities and experiences for children to help them progress in their learning and development. For example, she knows how to plan for children's next steps in learning.
- The childminder understands safeguarding issues, including her role to keep children safe. She has an up-to-date and detailed safeguarding policy and knows the procedures to follow if she has any concerns for a child's welfare.
- The childminder recognises the importance of working in partnership with parents. She knows to update parents with regular feedback about children's progress and care.
- The childminder recognises the importance of promoting good behaviour, kindness and respect for others to help support children's personal development and their welfare.
- The childminder is aware of the need to evaluate her practice, develop her skills and keep her knowledge up to date.
- The childminder knows how to teach children about healthy lifestyles, for example, providing regular outdoor play and encouraging healthy eating.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
