

Childminder Report

Inspection date	25 April 2016
Previous inspection date	21 October 2010

The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2

Summary of key findings for parents

The provision meets requirements

- The childminder understands how children learn and develop. She knows how to plan activities that build upon what children know and can do, to extend their skills for their future learning.
- The childminder understands her roles and responsibilities in keeping children safe. She maintains a secure environment and knows what action she would take if she had any welfare concerns.
- The childminder knows how to work in partnership with parents and other settings that children attend, to share information about children's progress.
- The childminder knows how to use her observations and assessment of children's learning to monitor their progress.
- The childminder knows how to support children's emotional and physical well-being. For example, she provides healthy foods and daily opportunities for exercise.
- The childminder understands how to keep her skills and knowledge up to date and the value of training in improving her practice further.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed with the childminder how she plans to deliver the education programmes for children.
- The inspector looked at the childminder's paperwork and viewed the areas of her home available for childminding purposes.
- The inspector discussed with the childminder how she evaluates her practice, particularly in relation to safeguarding.
