## Summary of key findings for parents

### The provision does not meet requirements

- The provider does not hold a current paediatric first-aid certificate.
- The provider understands how to support and extend children's learning through their play and activities. She knows how to observe and monitor children's progress to prepare them for the next steps in their learning and for school.
- The provider explains how she will identify any gaps in children's learning and seek appropriate intervention from other professionals, in order to help them progress.
- The provider demonstrates an understanding of suitable practices to promote children's physical care and emotional well-being.
- The provider has a suitable understanding of safeguarding procedures and how to report any concerns. She has undertaken safeguarding training to ensure that children are protected in her care.
- The provider recognises the importance of partnership working with parents and other providers. She describes how she intends to use self-evaluation to reflect on her practice and develop her skills and knowledge further to raise outcomes for children.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
