Compliance action taken for childcare provision

EY434642/C284950

Date: 04/07/2016

Summary of outcome

On 20 May 2016 the provider notified us of a safeguarding concern within the setting. The notification means that the provider met their legal responsibility as set out in the Early Years Foundation Stage welfare requirements. We liaised with other agencies and interviewed the provider to see whether the setting was meeting the requirements relating to: Suitable people, Child protection and Managing behaviour.

The provider followed their staff disciplinary procedures in response to the concerns and improved their procedures for assessing the suitability of staff. The provider has reviewed staff induction systems to include behaviour management training and has arranged further behaviour management training for staff. Furthermore, the safeguarding and whistleblowing procedures have been developed.

We are satisfied with the action taken by the provider and therefore no action was required to be taken by Ofsted.

The provider continues to be registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website.
for a period of five years commencing on the date we complete our investigation.
