

# Childminder Report

<b>Inspection date</b>	7 July 2016
Previous inspection date	29 March 2012

<b>The quality and standards of the early years provision</b>	<b>This inspection:</b>	<b>Not met</b>
	Previous inspection:	Met

## Summary of key findings for parents

### The provision does not meet requirements

- The childminder has not ensured that every person living on the premises has obtained an enhanced Disclosure and Barring Service check, as required. This is also a breach of the Childcare Register.
- The childminder recognises the importance of managing children's behaviour in a positive way. She aims to provide clear instruction to help children learn what is expected of them.
- The childminder understands the importance of working in partnership with parents and other professionals to share information about children's learning.
- The childminder understands how to promote children's learning and development. She knows how to assess and track children's learning to help them make progress ready for school.
- The childminder knows how to recognise the signs and symptoms that would cause her concern about a child's welfare and what to do if she has any concerns.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## What the setting needs to do to improve further

### To meet the requirements of the early years foundation stage and the Childcare Register the provider must:

	<b>Due Date</b>
