The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Requires Improvement	3

Summary of key findings for parents

The provision meets requirements

- The provider understands the requirements of the early years foundation stage. She has addressed the previous weaknesses and improved evaluation processes, further developing children's care and individual experiences.
- The provider and the staff are committed to safeguarding children. Staff complete regular training to update their understanding of the procedures to be followed if concerns are identified. They know to complete thorough safety risk assessments to keep children safe in the environment.
- The provider understands the importance of developing strong parental partnership, to enable staff to meet the individual needs of the children; for example, by sharing progress and exchanging important information.
- The provider knows to encourage staff to routinely update their professional knowledge through further training to support children.
- The provider understands the importance of promoting children's respect for others who are similar to them and those who are different. She knows to teach children about behaviour expectations, and to build their confidence and self-esteem.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector toured the premises.
- The inspector spoke to staff and the management team at appropriate times during the inspection.
