## Summary of key findings for parents

### The provision meets requirements

- The management of the club is aware of how to safeguard children, for example, by ensuring all staff and committee members complete relevant checks. Staff attend child protection training and keep up-to-date with safeguarding procedures.
- Staff understand the need to work closely with teachers and parents to help meet children's individual care needs and build on skills and knowledge they learn in school.
- Staff create a welcoming and safe environment and provide a wide variety of activities and resources for children to choose from, including arts and crafts.
- Staff understand how to promote children's health and well-being. For example, staff provide outdoor games and activities that help develop children's physical skills.
- Staff know how to teach children to be respectful and kind to others.
- Since the previous inspection, staff have developed a clearer understanding of how to use daily routines, such as snack times, to help promote children's independence.
- The manager is aware of the value of gaining feedback from parents and children to help evaluate and improve practices.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
