Summary of key findings for parents

The provision meets requirements

- Management and staff understand how to plan interesting activities to engage children's interests and to promote cultural diversity in the community and beyond.
- Staff know the value of working in partnership with parents to meet children's individual needs. They understand how to prepare children for the next stages in their learning.
- Management understands the importance of implementing robust recruitment and induction procedures to ensure that staff are suitable to work with children.
- Management and staff undertake regular checks, such as on outings, the premises and resources to keep children safe. They know the correct procedures to follow to safeguard children.
- Staff attend regular training to update their knowledge and skills. For example, they understand how to help children express their feelings appropriately, to show consideration to others and to behave well.
- The manager knows how to monitor and support staff practice. She seeks the views of staff, parents, children and others to improve the service.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector conducted a tour of the premises with the management team.
- The inspector discussed the staff's skills and training opportunities, including how they intend to provide age-appropriate experiences for all children.
- The inspector checked the provision's policies and procedures, including those related to the suitability of staff and risk assessments.
