

Compliance action taken for childcare provision

EY422112/C293107

Date: 26/08/2016

Summary of outcome

On 23 August 2016 we received information that raised concerns about the suitability of the provider. We needed to check that the Early Years Foundation Stage safeguarding and welfare requirements were being met; in particular, the requirements that relate to child protection; ratios and the deployment of staff; supervision of children; General information and records and changes that must be notified to Ofsted. On 25 August 2016 we carried out an unannounced visit to the provider. We found that the provider was meeting the requirements we looked into. We found that the provider had conducted a full investigation into how an incident had occurred at the setting on 4 August 2016. As a result of the investigation, the provider took immediate action to make changes to the arrangements for the collection of children and signing children out of the provision. All staff across the provisions owned by the provider were briefed about the changes to practice. As a result, the arrangements for signing children out of the provision are more robust and ensure that one member of staff is responsible for the whole process. We found that the provider took appropriate action in relation to staff that were responsible for the children at the time the incident occurred. We are satisfied with the action the provider has taken. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
