## Summary of key findings for parents

### The provision meets requirements

- The club leaders are well qualified, knowledgeable and experienced early years practitioners. They understand how to provide a stimulating play environment for all children. Recruitment systems, induction procedures and supervision sessions are in place.
- Staff demonstrate a commitment to working in partnerships with parents, the school and other professionals. They recognise the importance of valuing and celebrating the uniqueness of every child.
- Staff explain how they support children when they start at the club. They have developed communication systems with class teachers.
- Staff demonstrate a good understanding of their role in safeguarding children, including what to do if they have concerns about a child's welfare. Club practice is underpinned by a wide range of club policies.
- Leaders plan for future developments and seek the views of staff, the school, children and parents as part of their continuous improvement practice. Written feedback from parents states how much they value the club and staff flexibility.
- Staff understand the importance of helping children to live healthy lifestyles. Children are provided with nutritious and balanced snacks, and regular exercise and fresh air.
- Children have access to good quality resources, toys, tools and equipment.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
