Summary of key findings for parents

The provision does not meet requirements

- The manager and staff do not maintain accurate records of children's hours of attendance, as required. This is also a breach of the Childcare Register requirements.
- The manager and staff demonstrate secure understanding of their role in protecting children's welfare, including what procedures to follow if they have any concerns.
- The manager knows how to reflect on practice, plan and consider ways to develop and further improve their provision to benefit children. She understands the importance of supporting staff and updating their knowledge and skills, for example through training.
- The manager and staff recognise the importance of working in partnership with parents and school staff to have a shared approach to meeting children's needs.
- The manager and staff know how to manage children's behaviour, teach them to respect each other's differences and to be kind to one other.
- Staff understand the importance of helping children to live healthy lifestyles. For instance, they provide children with nutritious snacks and regular exercise and fresh air.
- Staff demonstrate a commitment to plan enjoyable experiences for children at the club.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

To meet the requirements of the early years foundation stage and the Childcare Register the provider must:
