## Summary of key findings for parents

### The provision meets requirements

- The premises are free from hazards. The provider and staff know how to use risk assessments and review safety procedures to minimise hazards to children.
- The provider understands how to deploy staff to ensure the safety of the children. She provides staff with up-to-date information, supervision and training opportunities to help them safeguard children. She knows how to proceed if she has concerns about the welfare of a child.
- The provider and staff know how to work in partnership with parents and share information to meet children's individual needs and provide consistency of care.
- The provider and staff understand the need to provide age-appropriate activities which the children enjoy and which complement what they learn at school.
- The provider has strategies to manage children's behaviour and teach them to value each other's similarities and differences.
- The provider and staff understand the importance of working cooperatively with teachers and external agencies to contribute to children's welfare and learning.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## **Inspection activities**

- The inspector had discussions with the provider about her understanding of the requirements and childcare practice.
- The inspector went with the provider on a tour of the premises to view the areas used for childcare purposes.
- The inspector observed staff's interaction with the children during activities.
- The inspector sampled a range of documentation, including the provider and staff's training certificates, register of attendance, record of the risk assessments and policies.
