Summary of key findings for parents

The provision meets requirements

- The provider is aware of their responsibility to safeguard children. They ensure staff understand the signs that would give them cause for concern. The provider and staff know the process to follow to report any child protection concerns.
- The provider and staff understand how to provide a range of activities for children after school, and during some holidays, to help complement their school life.
- Staff understand how to supervise children and encourage them to independently lead their play using the available resources and activities.
- Staff know how to provide healthy snacks and meals to support children's well-being. They understand how to help children manage their behaviour.
- The provider and staff recognise the importance of evaluating their practice. Staff have regular one-to-one meetings and frequent opportunities for training.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed with the provider and staff how they intend to deliver activities for children.
- The inspector discussed the policies and procedures with the owners and viewed documentation they will use when caring for children.
- The inspector discussed with the provider and staff how they deliver the safeguarding and welfare requirements.
