

Compliance action taken for childcare provision

EY394090/C315677

Date: 13/06/2017

Summary of outcome

On 25 May 2017, we received information that raised concerns about recruitment at the nursery. We needed to check that the provider was meeting the requirements of the early years foundation stage. In particular, the requirement relating to suitable people.

On 7 June 2017, we carried out an unannounced visit to the nursery. We found that the provider had not obtained a reference from the most recent employer for a member of staff. However, the manager had recently completed a safer recruitment training course and had identified this weakness in their recruitment process. The nursery took action to remedy this weakness. Therefore, we took no further action.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
