

## **Compliance action taken for childcare provision**

EY283996/C316557

**Date:** 17/06/2017

### **Summary of outcome**

On 2 June 2017, the provider notified us that a child had left the premises unaccompanied. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of significant events. We needed to check that the provider was meeting the requirements relating specifically to staff deployment, premises and risk assessments.

On 12 June 2017, we carried out an unannounced visit to the out-of-school club. During our visit, we discussed the incident with the provider and the area manager. We checked all areas used by the children both inside and out, including the perimeter fence. We looked at documents including risk assessments. We found that staff were positioned well to make sure they could see the children at all times. The risk assessments were comprehensive and covered all areas. It was not possible to determine how the child was able to leave because the security of the premises is good.

The provider acted promptly by reviewing their risk assessments. They also obtained agreement from the school to put up further locked gates.

We were satisfied with the provider's response to the incident. Therefore, we took no further action.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those

registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
