## Summary of key findings for parents

### The provision meets requirements

- The childminder fully understands the importance of safeguarding children and the procedures for sharing information with the relevant agencies if concerned about a child in her care. She fully understands how to maintain a safe environment.
- The childminder demonstrates a clear understanding of how to promote children's learning through a range of activities and experiences. The childminder is committed to working with parents and other early years settings that children attend.
- The childminder understands the importance of evaluating her own practice and looking at ways of developing her provision further. The childminder demonstrates a commitment to pursuing professional development opportunities.
- The childminder is fully aware of the importance of promoting children's health and well-being. She understands the value of teaching children about being healthy.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## Inspection activities

- The inspector had a tour of the areas of the premises available for use by children and discussed the equipment and resources the childminder plans to use with them.
- The inspector discussed policies and procedures with the childminder and viewed documentation she intends to use when she starts caring for children.
- The inspector discussed with the childminder how she intends to meet the requirements of the early years foundation stage.
- The inspector checked a range of documentation, including training certificates.
