Information about this inspection

Inspectors have looked closely at the experiences and progress of children and young people. Inspectors considered the quality of work and the difference made to the lives of children and young people. They watched how professional staff work with children and young people and each other and discussed the effectiveness of help and care provided. Wherever possible, they talked to children and young people and their families. In addition, the inspectors have tried to understand what the children's home knows about how well it is performing, how well it is doing and what difference it is making for the children and young people who it is trying to help, protect and look after.

Using the 'Social care common inspection framework', this inspection was carried out under the Care Standards Act 2000 to assess the effectiveness of the service, how it meets the core functions of the service as set out in legislation, and to consider how well it complies with the Children's Homes (England) Regulations 2015 and the 'Guide to the

children's homes regulations including the quality standards'.
