Summary of key findings for parents

The provision meets requirements

- Supervisors understand the need to have robust recruitment procedures to ensure that staff are suitable, and remain suitable to care for children.
- Staff are aware of the procedures to follow to safeguard children. They have completed relevant training to help them to identify when a child may be at risk.
- Supervisors are aware of the importance of having good partnerships with parents and other settings that children attend, including of sharing information about children.
- Staff recognise the significance of providing children with healthy snacks and regular exercise, to help them to understand about leading a healthy lifestyle.
- Supervisors understand the importance of supporting staff, for example, through regular supervision and guidance.
- Staff are aware of the need to teach children to respect and value others, behave well and know what is expected of them.
- Supervisors acknowledge the importance of evaluating the practice, including seeking the views of children and parents, to help develop the practice further.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
