Summary of key findings for parents

The provision meets requirements

- The manager knows how to plan activities and provide age-appropriate resources, she understands how staff will use their knowledge of how children learn to help them develop skills that complement their learning in school.
- The manager knows how to implement vetting processes, along with effective induction, to ensure staff are suitable and have the skills needed for working with children.
- The manager explains the importance of working in partnership with parents and other agencies or professionals to support children's care and learning. She has a positive attitude to evaluating her practice.
- The manager knows how to recognise and report any possible indicators of concern regarding a child's welfare and has trained all the staff, so they understand their roles and responsibilities to keep children safe.
- The manager knows how to support children to behave well. She discusses the importance of teaching children to value and respect each other's views. She understands how to teach children healthy habits, such as being active.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed with the manager how she intends to plan activities and organise resources to meet the individual needs of the children.
- The inspector discussed the policies and procedures with the manager and sampled documentation that she will use when caring for children.
- The inspector toured the rooms used by the club where children will be cared for.
