The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2

Summary of key findings for parents

The provision meets requirements

- The childminder has a suitable understanding of how to deliver an educational programme that meets the requirements of the early years foundation stage. She knows how to assess children's progress and plan for their future learning.
- The childminder understands the importance of sharing information with parents, to meet children's individual needs.
- The childminder has appropriate documentation in place to help to ensure the smooth running of her childminding service. She knows how to evaluate her practice and consult with parents and children, to identify areas that may require improvement.
- The childminder knows her responsibility to protect children. She has clear procedures to follow if she has a concern about a child in her care.
- The childminder understands the importance of encouraging children to lead a healthy lifestyle, for example, through appropriate routines and activities.
- The childminder effectively demonstrates how she will teach children to understand the importance of respecting and valuing the opinions of other people.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed with the childminder how she intends to deliver the educational programmes for children and undertake observation, assessment and planning.
