Summary of key findings for parents

The provision meets requirements

- The provider understands her responsibility to safeguard children. She completes the required suitability checks on all staff and she ensures that staff complete relevant training, including first aid, safeguarding, and health and safety.
- The manager understands the need to provide children with a wide range of enjoyable play experiences that take their interests into account and meet their individual needs.
- The management team understands the importance of meeting children's specific health and care requirements. Staff are appropriately trained so that they can meet children's individual needs.
- The management team understands how to work in partnership with parents and other professionals to agree strategies to support children's needs.
- The provider recognises the importance of continually improving the effectiveness of the playscheme through self-evaluation, to help explore what worked well and identify areas to improve at the end of each holiday.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector engaged in discussions with the provider and manager about the organisation of the playscheme.
- The inspector looked at and discussed some of the written policies and procedures used to support the running of the setting.
- The inspector checked how the provider is meeting the safeguarding requirements and looked at records relating to staff's suitability and records of risk assessments.
