

## **Compliance action taken for childcare provision**

EY136517/C339962

**Date:** 28/03/2018

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2).

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 February 2018, we inspected the nursery and found that the provider was not meeting some of these requirements. As a result, we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The inspection report will be able to give parents further information about this notice.

#### **Actions needed:**

ensure that risk assessments are effective in highlighting and addressing hazards that compromise children's safety, in particular; the use of the trampoline, general cleanliness of the home and how younger children are fed and supervised by 20 March 2018.

organise the premises and equipment to ensure there is sufficient space available to meet the needs of the children by 20 March 2018.

ensure that strategies used to manage children's behaviour are effective and support children to learn to manage their feelings and understand the difference between right and wrong by 20 March 2018.

ensure that all areas used for food preparation are hygienic and suitable by 20 March 2018.

ensure that assistants receive effective inductions to help them understand their roles and responsibilities and that they receive additional ongoing support, coaching and training by 20 March 2018.

We are satisfied with the action taken by the provider and next steps will be an inspection. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
