Summary of key findings for parents

The provision meets requirements

- The provider understands how to keep children safe from harm. She has effective procedures for checking the suitability of staff and students working with children.
- The provider ensures that staff receive guidance and training so that they are confident in their roles and know how to address any concerns about children's welfare.
- Staff know how to develop positive relationships with children, to help them feel confident and secure at the club.
- The provider understands the importance of evaluating the provision and making plans to improve the quality of practice. She knows how to seek and take account of the views of parents and children.
- Staff know how to provide suitable resources and activities, to cater for children's individual needs and interests. They recognise the benefits of giving children choices about their care and learning.
- The provider understands the importance of working with parents and other settings that children attend, to provide continuity in their care and learning.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
