

Compliance action taken for childcare provision

EY374124/C342587

Date: 24/04/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 11 April 2018 we served a Welfare Requirements Notice after completing an inspection with inadequate judgement on 14 March 2018. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

- ensure the designated lead for safeguarding is able to identify, respond and report any signs of possible abuse and neglect in a timely and appropriate way by 18 April 2018
- ensure all relevant staff have the information they need to enable them to identify and respond to the signs of possible abuse and neglect at the earliest opportunity by 18 April 2018.

We visited on 19 April 2018 and are satisfied with the action taken. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website

for a period of five years commencing on the date we complete our investigation.
