

Compliance action taken for childcare provision

EY289844/C340769

Date: 27/04/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 1 March 2018 we received concerns that this provider was not meeting some of these requirements. We sent the provider a notice to improve which asks the provider to take action. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed

ensure all staff working with children are trained to understand the safeguarding policy and procedure and have up to date knowledge of safeguarding issues.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
